Nothing of the kind will be attempted; and perhaps nothing of the kind will ever be attempted; but this is a very good time to consider the taste and sense of such displays. In a republic founded on the consent of the governed, and considerable display of force—anything stronger than the Marine band—is certainly out of place and and decidedly un-American. The argument in support of the first
claim was that the corporations were
owned, built and worked by private
capital and that any assumption of control by the state in any shape or form
was an invasion of the rights of person
and property of individual citizens. This argument is not confined
to Georgia by any means. It has
been advanced wherever the discussion
of the question has assumed serious proportions. It was advanced by Mr. George
Ticknor Curtis, and more recently by
Mr. Leland Stanford—by the former as
counsel for Mr. Hugh H. Jewett, and by
the latter as vice president of one of the
Pacific roads that owes its existence almost entirely to government subsidies
in various forms. Judge Woods does not
enter into a discussion of this matter. He
merely announces, as a settled principle
of law, that the states have the right to enter into a discussion of this matter. He merely announces, as a settled principle of law, that the states have the right to control the railroad corporations to the extent of preventing unjust discriminations against the people. The question that even the truly good and great may have a weak spot in their phrenological outfit.

ATLANTA occupies a conspicuous position. But whether Mr. Atkinson can convince southerners that he is right or not, it is to no not the finite data the exposition will take place. It is in the center of what will be known to geographers of the future as the great North American mand-belt.

The Georgia Railrond Commission. The decision of Judge Woods, which we printed in full last Thursday and to which we made brief editorial allusion yesterday, settles some very interesting questions which have been in dispute since the establishments and organization of the railroad composition. CROWLEY'S PARTICIPATION

The editor of the Times says I make this charge that Crowell instigated the killing of McIntosh, and that this is the matter at issue between Mr. Crowell and myseif. I certainly made no such charges I have not a copy of my articles which is said to contain this charge. I may have said it was generally believed that this killing was instigated by Crowell, as I well remember this at the time to have been the facts. I certainly should not have preferred such a charge upon any responsibility save the most explicit proof.

The consequence was, a number of the republican members of congress met in caucus and nominated Mr. Crawford. This was deemed unauthorized, and those who supported Mr. Adams, Mr. Calhoun and Mr. Clay, refused to abide by the nomination—and the friends of each announced them as considerate. John Clarke, then governor, warmly espoused the cause of Mr. Calhoun, and with all the virulence of his old hatred of Mr. Crawford, commenced a violent opposition to him. To crawford was the aim of the life of John Clarke nearest his heart. His energy, zeal and will soon inspired his friends, and the old feud was renewed. This legislature was composed of a majority of Clarke men in both branches, men as violently opposed to Troup as Crowell or Clarke themselves, but most of there men were highly honorable and ardently patriotic, and no party influence could induce them to sever from their couvictions of right. At this time too, the strife of party was fiercest. The first election of governor by the people was pending. Troup and Clarke were the candidates, and the first Monday in October, the day of election. If party supremiey could have influenced these men, all the circumstances surrounding them it would seem, should surrounding them it would seem, should have controlled them. In this legislature a strong resolution was adopted denouncing Crowell as unworthy of his trust, and demanding of the government his removal. This the president refused to do, and sent out General Gaines and a Mr. Butler, a clerk of a bureau, ostensibly to investigate these

"I would believe him against the congregated world." So prejudiced was he that he would receive no testimony that contradicted that produced by Crowell, and so outrageous was his course that the entirestate became indignant. A bitter correspondences ensued between him and the governor, which terminated in a peremptory order to him from the governor to forbear any further communication with him, and produced that famous letter to the president, in which he told him of this order, and more, that if Gaines disobeyed it he would send him te the president in rons. BREWER'S

STHE GREATEST LUNG AND THROAT REMEDY OF THE AGE! No Opium! No Merphine! No Bromide or Other Deliterious Substance

Read the Testimonials.

Messrs. Lamar, Rankin and Lamar—Gentlemen: Will you allow me to tell you something in regard to your Brewer's Lung Restorer? Last Monday, a week ago, when at my store in Montgomery county, the following circumstances occurred:

Mrs. James Coleman, while on a visit to her mother, Mrs. Conner, was taken very ill and thought she would die with her old complaint of bronchitis and consumption. There was no physician nearer than Dublin, twenty miles, or Mt. Vernon, fifteen miles. They sent over to the store for something that would give relief. I gave them a bottle of Brewer's Lung Restorer with the understanding that if it did no good I would not charge them for it. The result was that in fifty-six hours she was able to go home, twenty-one miles away, without the slightest difficulty. I have sold several bottles since on the strength of this wonderful cure. Mr. H. H. McCrimmon bought a bottle and found almost instantaneous relief. The sale of your medicine is a settled thing in this community, as I will warrant it after this. Everybody will hear of the cures made here. Yours truly,

G. H. RATCHFORD, Bartow, Ga.

Macon, Ga., August 15th, 1880.

Gentlemen: With great pleasure I certify to the efficacy of that truly excellent preparation, so highly and justly recommended by many, and manufactured by yourselves — Brewer's Lung Restorer. It has indeed proven to be a sovereign remedy in my family. For many months my wife has suffered from weak lungs, and experienced great difficulty in breathing—so much so that she could not sleep at all at night; she also lost her appetite, and in fact her condition was truly alarming. The Lung Restorer having been recommended by several friends, I resolved to get it and test its virtues, which I did, and with the most happy effect. She has taken but two bottles and the result is wonderful. She now experiences no difficulty in breathing, her appetite is good, and she is rapidly regaining her strength, and I am convinced its continued use will effect a permanent cure.

I would, therefore, cheerfully recommend it to all who have weak lungs, as it cannot fail to be of great benefit to all who may give it a trial. Yours truly.

Macon, Ga. 1880.

Macon, Ga., 1880.

Gentlemen: You will remember my going to you some time since and getting two bottles of Brewer's Lung Restorer for a friend who was down in bed, hardly able to move, and I promised to let you know its effects. I will say that this gentleman who used it was up in a week's time and looked two hundred per cent better than he had in months, and I hope will be entirely cured of the disease. Yours respectfully,

F. T. ABEL.

Macon, Ga.

Dear Sirs: It gives me great pleasure to

Dear Sirs: It gives me great pleasure to certify to the merits of Brewer's Lung Restorer, as I have used it and found it all you represented it to be. My lungs were affected to some extent, and I had a hacking cough, often spitting up blood which at times would amount to a hemorrhage, and I became very much frightened at my condition. I bought several bottles of the Brewer's Lung Restorer, and have been entirely cured by its use, and feel satisfied that it is permanent, as I've had no symptoms of the disease since. I am satisfied that this medicine will prove a great blessing to the people. If you would introduce it in the ribern states it would make your fortunes. Yours very truly,

Macon, Ga., March 1, 1880.

Messrs. Lamar, Rankin & Lamar—Dear Sirs: I had frequent hemorrhage before using Brewer's Lung Restorer, and had been treated by Dr. Crowell Johnson and other skilled physicians without being relieved and after using three bottles of your medicine the hemorrhage was stopped, and have never had one since. I am now in better health than ever before, and feel it my duty to state to the public the effects of your wonderful Consumptive cure on me. Yours truly, MRS. E. G. AVANI.

MACON, GA. Messrs. Lamar. Rankin & Lamar—Dear Seen troubled for a long time Engre's Lung Restorer, with somet. Rankin & Astrua, and after using only two bottles of your medicine I breathed perfectly free and have felt no symptom of the disease since. I am candident your medicine cured me, and cheerfully recommend it to all who ar suffering with Asthma. Yours truly. suffering with Asthma. Yours truly.

Messrs. Lamar, Rankin & Lamar—Gentlemen: One bottle of Brewer's Lung Restorer cured me of Bronchitis in a week's time. I will want a few more bottles soon. I intend keeping it in my house all the time, as I consider it a valuable medicine. Yours respectfully,

HENRY G. DAVIS. Messra, Lamar, Rankin & Lamar, Macon

Messrs. Lamar, Rankin & Lamar, Anders, Ga.: Please send me by express another bot-tle of Brewer's Lung Restorer. It is help-ing me right along, and I think it will cure me. Yours respectfully, SAM'L B. LESTER, Augusta Ga.

TAYLOR COUNTY.

This is to certify that I had Asthma for thirty-five years and used a great many different kinds of medicines. Was treated five years without fielding relief. I then used your Lung Restorer and found in it a permanent cure. Very truly yours.

Z J. PARKS.

Messrs. Lamar, Rankin & Lamar—Gentlemen: My wife had been troubled for several months with Bronchitis, and during that time tried nearly everything imaginable, without the slightest benefit. A friend of hers to whom I mentioned it, told me to get a bottle of Brewer's Lung Restorer, which I did, and less than one bottle cured her entirely. I will recommend it to all who are similarly affected.

Yours very truly,

Yours very truly, ATHAN C. MUNROE. East Macon, October 15th, 1880. Messrs, Lamar Rankin & Lamar—Gentle-men: I had been troubled with shortness of breath and Asthma for about seven years and used many remedies without finding relief. One bottle of your Brewer's Lung Restorer cured me permanently. Yours truly, C. C. BALKCOM.

I have had lung disease four or five years, using during the time many different remedies, but have derived more real benefit from this one bottle of Brewer's Lung Restorer than from all the balance put together. Send me six bottles at once.
